

A terminal window with a dark background and light text. The title bar at the top reads 'ahmad@ahmad: ~/Desktop'. The terminal shows a user prompt 'ahmad@ahmad:~/Desktop\$' followed by the command './myCode'. The output consists of two lines: 'The child says the sum of odd numbers is: 6550312356' and 'The grandchild says the number of the products of three is: 53955'. A cursor is visible on the line following the second output line.

```
ahmad@ahmad:~/Desktop$ ./myCode
ahmad@ahmad:~/Desktop$ The child says the sum of odd numbers is: 6550312356
The grandchild says the number of the products of three is: 53955
```
